

Division of PortionPac Chemical Corp.

Revision Date 01-May-2015

SAFETY DATA SHEET

Version 1

1. IDENTIFICATION

Product Identifier

Product Name SFSPac® Sanitizer-FC

Other means of Identification

SDS # 1600-C

Product Codes SFS16, SFS17 & SFS18

Recommended use of the chemical and restrictions on use

Recommended Use Sanitizer

Details of the Supplier of the Safety Data Sheet

Supplier Address

PortionPac Chemical Corporation 400 N. Ashland Avenue Chicago, IL 60622-6382 www.portionpaccorp.com

Emergency Telephone Number

Company Phone Number Phone: 312-226-0400 Fax: 312-226-5400

Emergency Telephone Number INFOTRAC 1-352-323-3500 (International)

1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Classification

This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

Hazards not otherwise classified (HNOC) Not applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Appearance Transparent light pink liquid Physical State Liquid Odor Fresh odor

In the concentrations in this formulation, the ingredients listed below are considered to be non-hazardous according to OSHA

1910.1200:

water (CAS# 7732-18-5), didecyl dimethyl ammonium chloride (CAS# 7173-51-5), alkyl dimethyl benzyl ammonium chloride (CAS# 68391-01-5), trace colorant added.

Chemical Nature Sanitizers contain active agents to kill bacteria and viruses on contact. Even though they are not listed by OSHA et. al. as hazardous materials, safe handling procedures and common sense should be used in their use and handling.

4. FIRST AID MEASURES

First aid measures

Eye Contact Flush with plenty of water. After initial flushing, remove any contact lenses, if present, and continue flushing for at least 15 minutes. Call doctor for treatment advice.

Skin (or hair) Contact Take off contaminated clothing. Wash skin with soap and water. Wash contaminated clothing before reuse. If skin irritation persists, call a physician.

Inhalation Remove to fresh air.

Ingestion Do not induce vomiting. Drink plenty of water. Immediately call doctor for treatment advice.

Note to physicians Treat symptomatically.

Most important symptoms and effects, both acute and delayed

Symptoms Harmful if ingested in large quantities. Small, unit dose pouch size would require the ingestion of multiple pouches to reach the dangerous level. Contact may cause irritation and redness. If misted in concentrated form, which is improper use, can cause mild irritation to throat and respiratory tract.

Indication of any immediate medical attention and special treatment needed

Note to physicians Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media
Unsuitable Extinguishing Media

Dry chemical, CO₂ or water spray.
 Not determined.
 None known.

Specific hazards arising from the chemical
Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment as described in Section 8 of this Safety Data Sheet.

Environmental precautions See Section 12 of this Safety Data Sheet for additional ecological information.

Methods and material for containment and cleaning up

Methods for containment Concentrated materials are packed in unit-dosed pouches limiting any spills to very small quantities.

Methods for cleaning up Paper toweling or mopping is usually sufficient.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling Foods contaminated by sanitizers should be discarded. Avoid contact with skin, eyes or clothing. Keep out of reach of children.

Conditions for safe storage, including any incompatibilities

Storage conditions Keep containers closed in a dry, cool and well-ventilated place. Do not store near heat or open flame.

Incompatible materials Strong oxidizing agents and reducing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

Appropriate engineering controls

Engineering Controls None known.

Individual protection measures, such as personal protective equipment

Eye/face protection Not normally necessary in general use. Wear safety glasses where a splash hazard exists.

Skin and body protection Not normally necessary in general use. Concentrate is diluted into bottle, bucket or sink.

Respiratory protection Provide adequate ventilation.

General Hygiene Considerations Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Discard food contaminated with sanitizer.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical State Liquid
 Appearance Transparent light pink liquid
 Color Clear

Odor Fresh odor
 Odor Threshold Not determined

Property	Values	Remarks • Method
pH	7-9	
Melting point/freezing point	Not determined.	
Boiling point/bolling range	Not determined.	
Flash point	None when heated to 100° C	(butyl acetate = 1)
Evaporation rate	Not determined.	
Flammability (solid, gas)	Not applicable.	
Flammability Limits in Air		
Upper flammability limits	Not determined.	
Lower flammability limit	Not determined.	
Vapor pressure	Not determined.	
Vapor density	Not determined.	

SFSPac® Sanitizer-FC

(1=Water)

Specific Gravity	0.994
Water solubility	Completely soluble.
Solubility in other solvents	Not determined.
Partition coefficient	Not determined.
Autoignition temperature	Not determined.
Decomposition temperature	Not determined.
Kinematic viscosity	Not determined.
Dynamic viscosity	Not determined.

10. STABILITY AND REACTIVITY

<u>Reactivity</u>	Not reactive under normal conditions.
<u>Chemical stability</u>	Stable under recommended storage conditions.
<u>Possibility of Hazardous Reactions</u>	None under normal processing.
<u>Conditions to avoid</u>	Very long exposure to materials containing copper or aluminum.
<u>Incompatible materials</u>	Strong oxidizing agents and reducing agents.
<u>Hazardous Decomposition Products</u>	If heated to decomposition, CO, CO ₂ & NO _x may be produced.

11. TOXICOLOGICAL INFORMATION

<u>Information on likely routes of exposure</u>	Eye or skin contact, ingestion or inhalation
<u>Information on physical, chemical and toxicological effects</u>	
<u>Symptoms</u>	See section 4.
<u>Delayed and immediate effects as well as chronic effects from short and long-term exposure</u>	
<u>Carcinogenicity</u>	No data available.
<u>Numerical measures of toxicity - Product</u>	
	Not determined.

12. ECOLOGICAL INFORMATION

Ecotoxicity
An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

<u>Persistence and degradability</u>	Not determined.
<u>Bioaccumulation</u>	Not determined.
<u>Mobility</u>	Not determined.
<u>Other adverse effects</u>	Not determined.

13. DISPOSAL CONSIDERATIONS

<u>Waste treatment methods</u>	
<u>Disposal of wastes</u>	Dispose of in accordance with applicable regional, national and local laws and regulations.
<u>Contaminated packaging</u>	Dispose of in accordance with regional, national and local laws and regulations.

14. TRANSPORT INFORMATION

DOT	Not regulated.
IATA	Not regulated.
IMDG	Not regulated.

15. REGULATORY INFORMATION

International Inventories
All ingredients are listed or exempt from listing on Chemical Substances Inventory.

US Federal Regulations**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain chemicals which are subject to reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

SFSPac® Sanitizer-FC

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

US State Regulations

California Proposition 65

This product does not contain any Proposition 65 chemicals.

U.S. State Right-to-know Regulations

This product does not contain any substances regulated under applicable state right to know regulations.

EPA Reg. No. 10324-194-8722 EPA Est. No. 86091-WI-1

U.S. EPA Label Information

16. OTHER INFORMATION
